

SUNDAY, OCTOBER 15TH 2:30 MONTESSORI FOR BABIES

Join us for a Hands-On Class with you and your little Baby Dynamo (or if you're expecting!)

Taught by Zahra Kassam, a Harvard educated Montessori teacher and the founder of Monti Kids, this class will teach you why and how to incorporate Montessori at home with your baby, starting from birth. We'll explore how to set up your play space to promote learning and how to help your child develop their concentration, perseverance and independence through play. You will leave with a better understanding of how to meet your child's developmental needs throughout infancy.
